CITY COMMUNITY TRUST

experience ENGLAND

Experience ENGLAND is a fantastic opportunity to learn English and immerse yourself in English culture within a homestay setting. The programmes are based in Exeter, located in the south west of England, and offer a wide variety of educational and recreational activities. Offering great value for money, our programmes can be tailored to meet the needs of each group.

We offer both private English tuition and integration into a local school, giving young people an unbeatable opportunity to improve their English language skills. Working with our partner schools, we offer either full or half-day integration, with plenty of recreational activities such as games, arts and crafts, and sports. Each weekend, the young people have the opportunity to go away on an exciting excursion to a different location within the UK.
